Your school's friendly catering team are here to deliver a fresh dining room experience! The restaurant provides a wide selection of freshly prepared delicious meals, coupled with the best service experience in the industry.

Our philosophy is built on freshly cooked meals that are prepared from scratch every day using the best possible ingredients that are also locally sourced wherever possible.

OUR MENUS

Fresh & Tasty every day

We have a reputation for using only the best, finest quality ingredients. Our dishes contain 90% fresh ingredients.

A bit about our food

- Marine Stewardship Council fish (MSC) is used, which meets the high standards of sustainability and traceability
- Meals contain no undesirable food additives or hydrogenated fats
- High levels of local procurement of meat, dairy, fruit, vegetables and salads used daily
- Red Tractor (farm assured) meat
- Free Range Eggs
- All menus are seasonally aligned, where possible, to meet the Food for Life standards

It's time to send pack lunches packing! You could save money & time!

A typical packed lunch is likely to cost as much, if not more than the typical school meal would cost. Especially if it has products such as tinned drinks, crisps or chocolate in it.

Similarly, the nutritional value of a packed lunch falls way below that of a school meal based on national research, which established that only 1% of school lunch boxes met nutritional standards.

Choosing a delicious school lunch also takes away the hassle of making them of course!

Could your child be entitled to **FREE SCHOOL MEALS?**
